

## March Wind Dance A Story

If you were a tree on  
a windy day, your  
Branches would sway,  
this way and that way,  
In the wind.

If you were a sailboat on a windy day,  
You would float on the windy waves,  
as they pushed you up and down,  
Back and forth.

If you were a kite on a windy day,  
you would fly very high as the wind  
pulled you up, up, into the sky.  
Then, as the wind slowly went away,  
what would you do?
